Residential Solar
Rebate Application

Notes/Instructions:

1. Applicant must be an owner of a residence that currently receives PECO residential electric service.
2. Solar rebates are only available for approved interconnection applications.
3. Rebate application for systems In Service can be submitted after PECO Permission to Install is granted and must be received within 90 days of PECO's In Service status (connected to the grid and generating power).
4. Be sure to review the Rebate Eligibility requirements listed on page 2.
5. Keep a copy of your rebate application and Terms and Conditions.
6. If rebate application is approved, you should receive your $500 rebate check in 4–6 weeks after In Service status.

Rebate Eligibility Requirements:

1. All eligibility requirements must be met to qualify.
2. Rebates are for the initial solar installation and are limited to one system per customer, per property. System expansions, upgrades, or additions are not eligible.
3. Solar panels must be installed at a residence that currently receives PECO residential electric service.
4. Solar rebate will only be paid after the system is In Service, i.e., connected to the grid and generating power.
5. Rebate application can be submitted as soon as you receive PECO's Permission to Install.
6. Rebate application must be received within 90 days of PECO's In Service status (connected to the grid and generating power).
7. PECO customers who have chosen an alternate electric supplier are eligible. However, PECO will not be responsible for any bill credits for customers with a third-party supplier.
8. Qualified systems up to 50 kW are eligible.

Terms & Conditions

- This program term is June 1, 2026 through May 31, 2031.
- Funds are limited and subject to availability. Rebate amounts and this rebate program are subject to change, including termination, without prior notice.
- Documentation must include the completed application, which will include customer name, service address of installation, PECO account number, customer contact information, contractor's name, address, and phone number.
- Applicants are responsible for any taxes associated with the receipt of a rebate.
- PECO is not responsible for items lost or damaged in the mail.
- By submitting your rebate application, the PECO customer agrees to potential verification selection. If your rebate form is approved, and the PECO customer is selected for verification, the customer agrees to allow PECO or its agent access to the installation site to verify the qualified installation. Failure to provide access may result in denial of the rebate request, or refund of rebate if already paid.
- All warranties for the solar panels, and associated equipment and installation services, are provided by the manufacturer or installer. Warranties on workmanship are not the responsibility of PECO. PECO does not warrant products, equipment, services (including installation services) or workmanship associated with the solar system.
- Selection of supplier and/or installer and purchase, installation and ownership/ maintenance of the qualifying product being applied for are the responsibility of the customer. PECO does not endorse any specific manufacturer, dealer or contractor and makes no representations regarding specific manufacturer, installer or contractor or their workmanship. PECO makes no warranty for the use of the qualified product, and customer agrees that PECO has no liability concerning the quality, safety and/or installation of the qualified product, estimated energy savings of the qualified product, workmanship of any third parties or use of any qualified product.
- Customer and Contractor are responsible for meeting program requirements and complying with all government, property owners, homeowner's association, or other requirements regarding restrictions, codes, ordinances, rules, and regulations concerning the qualified product installation.
- By participating in this rebate program, the customer agrees to abide by and be bound by these Terms and Conditions and acknowledges that the decisions of PECO are final in all respects.
